Summary: Toothless was born...Different. No one knows what his life was like as a young Night Fury. Heres your chance to find out. On Hiatus... Going to be on Hiatus for a few weeks.. maybe months.. or years.

1. And so it began

The Life of a Night Fury

Toothless has always been...Different. Toothless hatched out of an egg that was different from the rest. This particular egg was black and had a hint of blue at the center, in a strange explosion like shape. This egg didn't explode like the normal eggs. oh no not even close, you see this dragon could not survive in such an explosion. It set itself on fire and slowly burned away. This was very strange and confused all the other Night Fury's. The didn't know what to do.

This Night Fury was much smaller than all of the other's. He had a small tail and small wings, and couldn't breath fire on comand like the got bullied by his brothers and sisters. Only one Night Fury would respect him. This particular Night Fury was daughter of the cheif of the Night Furys. This is the story of how life was for a young Night Fury named Nightwing.

"MOLLY! STOP MESSING WITH NIGHTWING AND GET OVER HERE!" Screames a very angry mother Night this point Nightwing(Toothless) Is about 2 months old.

"Yes mother" Molly says In a very sad likes messing with didn't like Molly, and he still doesn't like her

Nightwing Stretches and yawns, folding his wings and covering his face with his fragile tail. A Night Fury flies in and Nightwing looks up. He see's a beautiful Albino Night Fury with bright blue eyes,long

wings and tail, and very strong legs. Said Night Fury comes up to Nightwing, who backs away, ears folded back whimpering.

"shh. Its ok little one" The white Night Fury says in a calming voice. Nightwing looks up at thoughs shining blue eyes."My names Snowflake, but you can call me snow" Nightwing puts his paws over his eyes smileing slightly. Snowflake Laughs at this."You must be Nightwing"

At hearing his name his ears shoot up. Nightwing rubs his head against Snowflakes muzzle. Snowflake licks him, smiles and walks away.

"he's beautiful" Snowflake says as she walks towards Nightwings mother.

"he's the most beautiful Night Fury I have ever seen, but he's so small... so fragile" suddenlly theres a yell of suprize and happiness. Snow and Nightwings mother turn to see a little curious Night Fury hopping over to them. Nightwing tries to stop but ends up hitting snow in her sniffs it curiously.

Snow laughs" Can't wait to fly can you?" Nightwing nods. snowflake leans in close. " In 30 moons, I will be back, and I will teach you how to fly." Nightwing screaches in exitement an hops around the cave. when he turns around he see's Snowflake is gone. His ears fold back in dissapoinment.

30 moons later

"NIGHTWING I'M SORRY! JUST PLEASE COME BACK. I DIDN'T MEAN TO!" Molly screams. Nightwing keeps running, never wanting to stop.

Friend one: ok, ok wait... why is Toothless running?

Me: JUST SHUT UP AND READ

Friend one: ok.. ok..

ehem

Nightwing stops at a lake and looks at his reflection. There was a nasty looking cut over his eye, and he put a paw over it. He walked over to a grassy area and tried to shoot the ground with fire. He tried over and over , but nothing happend. He roared in anger and closed his eyes but then sudenly..

BOOM

He open his eyes slowly and looked down. The ground was burning like he wanted it to. His jaw dropped in suprize."h-how? wh-when? why?WHAAAAAAAAA...!?" He couldn't belive he actually could breath fire. He thought he couldn't because he was much smaller, weaker, and had no special sniffed to check. His jaw dropped again when he realized it WAS his. He walked over to another patch of grass and tried the same thing again but with his eyes open.

BOOM

He cried out in joy. Thats when Molly, Snowflake, and his mother came

flying out of the tree's.

"WEHERE HAVE YOU BEEN?!" His mother cries out as she ran to him

Learning how to shoot fire. thats where he had been. He just didn't want to say anything.

"WHAT HAPPEND TO YOUR EYE?!" His mother roars in alarm. Mollys ears droop and she leans her head looks at his mom and quickly says...

"I fell on a rock and hit the sharp part"

His mother looks at him and smiles."well be home before dinner. were having salmon." Nightwing smiles and says" I will"

"well we better get going then." Nightwing looks at Snowflake in confusion. "I said I would be back in 30 moons to teach you how to fly."

"oh" Nightwing mentally slaps himself for forgeting. I mean HOW could you forget about getting flying lesons with your dream quickly shakes his head to get rid of the thought that he likes her. I mean she's WAAAAAY older than Nightwing. Theres no way that could work.

"here we are" Snowflake says, giving Nightwing a smug expression.

He didn't have time to respond because the next second he was in the air. Screaming for dear life. "SNOW! WHERE ARE WE GOING!?"

"YOU'LL SEE! ITS NOT THAT BAD. YOU BIG BABY!"

"SHUT UP"

They land on a big rock with a flat top.

"umm what are we doing up here?" Nightwing asks, who Is actually terrified of hights.

"To learn how to fly silly" snowflake says. Nightwing walks over to the edge of the rock looking down.

"are you sure this is sAAAAAAAAAAAAAAAAAAAA..." Snowflake kicked Nightwing off the edge.

2. Learning to Fly

The Life of a Night Fury

chapter 2:

He was falling... faster and faster as he got further down.

Nightwing was screaming. Screaming loudly

"SNOW! HELP ME!" Nightwing screams angrily.

"YOU CAN DO IT. JUST SPREAD YOUR WINGS AND FLY!" Snow screams as

Nightwing falls. Nightwing closes his eyes, and everything is in slowmotion. Suddenly, he doesn't feel weightless. He opens his eyes slowly and looked down.

Nightwings eyes widen in suprize "I did it..."

"YOU DID IT!" Snow Screams. She dives down towards him and flies by him." Now you need to learn to do that on command" Nightwing looks at Snow. Snow looks back and smiles.

They fly back up to the rock. Nightwing jumps off the edge and spreads his wings. And he flies. He flies up to the rock. he crouches down, spreads his wings and tail fins, and flies.

"YES!" snow screams. Nightwing smiles. Suddenly Snow is falling to the ground. Sne cries out, as Nightwing dives after her. Snow hits the ground with a loud 'Thud'.

Nightwing lands next to feels something wrap around his tail, and he screaches. He turns around. but before he could see anything, everything went black.

"NIGHTWING!" Snow screached. she began struggling against the net holding her. No such wasn't long before Snow met the same fate as Nightwing.

* * *

><p>So that was chapter 2

**Sorry it was so short. I just had writers block. Nothing I can really do about that :T. **

3. The Escape

"nightwing" Snowflake says in a whisper "Nightwing wake up"

"hmm...five more minutes..."

"NO NOW! YOU NEED TO WAKE UP NOW!" Snow Screames causing Nightwings eyes to shoot open. Nightwing jumps up, eyes narrowed and growling.

"Oh its you... DON'T DO THAT!"Nightwing screaches angrily.

"Sorry. I just woke you up to tell you that we are on a boat sailing away from out island..." Snowflake says. Nightwings ears shoot up.

"WHAT! WHEN DID THIS HAPPEN?!" Nightwing askes alarmed. He has no memorie of what happend before they ended up on the boat, exept the part where they were flying.

Snow looks at him with a very bored expresion."You don't remeber...?"

'No I don't remember' Nightwing thinks to himself."I don't rememeber anything."

Snows ears fold backwards. She opens her mouth to say something sarcastic but is interupted by a loud creaking noise. They both look over to where the noise came from.

Snow jumps infront of Nightwing, Wings open, Eyes narrowed and teeth bared, Protecting him. A tall muscular man comes into view."easy there, Nightfury" The man says

Snow growls' STAY AWAY FROM US!' She crouhes down ready to pounce. The man walked towards Nightwing but Snow was quick to pounce on him, Pinning him down. Snow gets ready to shoot.

"DON'T SHOOT HIM!"Nightwings roars at snow. Snow turns to him ears folded back, eyes narrowed "please...?"

Snow growls. She rears her head back, and roars in his face. She then jumps off and runs infront of Nightwing. She growls in warning, and the man runs off, screaming like a girl.

"Why were you going to shoot him..?" Nightwing asks. Snow roles her eyes.

Sudelly The rocking of the boat stops and jolts forwards, causing Nightwing To fly across the room and hit the wall. He falls painfully to the floor, And yelps when he hits the floor.

A few two-legs with ropes and chains apear. Nightwing stares at them while Snow growls protectivly backing away slowly.

Five men walk towards Nightwing, and seven walk towards Snow. Snow crouces down ready to pounce again, When two of the two-legs push her head to the ground. Another one came over with a muzzle. They tied her wings down and tailfins together to prevent her from flying, and tie A chain around her heck to guide her. Nightwing Didin't fight them though. He causually let them put the muzzle on, And tie the chain around his neck. They didn't tie his wings down because they knew he didn't want to leave the female albino Nightfury.

They were led off the ship towards a small village. Nightwing looked around. Snow was roaring and fighting against the ropes and chains holding her.

"I can't deal with this." one of the two-legs says. He looks at Snow in the eyes, and she growls in return, murder in her eyes. "why can't you behave like that one over there."

'I WILL DESTROY YOU IF YOU HURT HIM.' Snow growls.

sudelly snow feels a sharp pain in her paw. Her eyes start to glaze over and she falls. Nightwings roars pulling at the chain, trying to get to her

"let him go to her."The man looks at the other in confusion, then he lets go of the chain.

'snow..'Nightwing asks quietly.

'I'm ok just sleepy...' then she passes out. Nightwing whimpers as the man retrieves the chain. 4 of the men wrap two more chains around

snows paws, and drag her.

they stop infront of a tall re haired man. Nightwing looks up at him, eyes narrowing.

"so they do exist..." The red haired man says. "take them to the arena." Nightwings chain sudenlly jolts causing Nightwing to stumble. He quickly regains his balance and follows along behind the man.

They reach there destination just as Snow begians to stir. Her eyes shoot open and she jolts upwards. She tries opening her mouth and breaks the muzzle. She snaps at the closest two-leg. That person drops the rope and runs away. Snow quickly begins to bite, and scratch at the rope holding her wings, streching her wings while she does so. Once shes free she bites off the rope around her tail and flexes it. She then shoots a Fireball at the ground causing smoke to go everywhere.

'DON'T EVER MESS WITH US AGAIN' She roars. She runs over to Nightwing and bites the muzzle off of him. She then breaks the chain around her and nightwings neck.

She and Nightwing both spread their wings.

"WAIT!" Nightwing screams. Snow turns to look at him in confusion. She then realizes what he was going to say

"Just remember everything I taught you" She says. Nightwing nods and spreads his wings again. The men watch helplessly as the two Nightfurys fly away into the woods

4. The Other Dragon

So this is my second chapter today. I'm sorry about the other fanfic and I am happy to say I am rewriting it and it will be much better. Sorry about all of that. Anyways lets begin this chapter saying that you should always dance on rainbows... I really don't know...

**lets begin **

Nightwings POV

We flew into he forest as fast as our wings would take us. We have no idea where we are and why we were brought here. All we knew was we had to get off this island.

"I think we lost them. you ok?" Snow asks me.

"yeah i'm fine... I just have a strange feeling were being watched." I said in a fearful tone. Sudenlly there is a cracking sound. We both turn around and see a pair of eyes watching us in a tree. Snow tilts her head curiously.

"What are you doing Snow?" I ask as she walks towards the pair of eyes. Sudenlly there is a growl, a snapping sound, and a screach...

Normal POV

Snowflake screaches and Nightwing looks at the tree horror. "SNOW!" He screams. "SNOW?!" He screams again but louder. He looks down at the tree and sees blood running Out from under it "No... Snowflake.." He crouches low close to the blood "NONONONONONO...!"He falls in the puddle of blood in defeat.

"Nightwing..."Apon hearing his name, Nightwins ears shoot up. He looks around, trying to find where the voice came from.

"Snow? where are you?" Nightwing asks, his voice almost in a whisper.

Snowflake looks up at the sky and sighs. "I'm over by the large rock."

"what large ro.. oh" Nightwing slowly walks towards the big rock. He stops infront of a large curved like tree lying on the ground. Snows wing is trapped under the tree. "oh no"

"Its not as bad as it looks" Snowflake says offering NIghtwing a quick smile.

Nightwing walks over to the tree and tries to pick it up. Being the runt of the litter wasn't helping him. After a few tries, he fell to the ground in defeat, gasping for air.

"What are we goin to do?" Nightwing asks between breaths.

"Maybe we could try using another stick or tree to lift it." Nightwings ears shoot up at this.

"Thats actually not a bad idea!" Nightwing screams, Unaware that he did so.

"Will you be quiet. we don't want to attract another last time we did that I got my wing stuck under a tree." Snow snaps.

"S-sorry. What was that other dragon anyways?" Snow sighs at this. " I don't know. If I did know I would have told you."

"gee, when did you get all sarcastic. When I was younger you were not at all sarcastic. When did the sarcasm start?"

Snow roles her eyes" Ok first of all that wasn't sarcasm, and second I'm kind of trapped under a tree. Could you PLEASE go and get another stick or tree to get this off my wing?"

"Ok, ok geez. I'll go get another stick. Don't move" Nightwing says. He ralizes what he said and he felt like an idiot.

"Hmm actually I was thinking about leaving you and flying back all alone before you get back." Snow says sarcasticly. Nightwing glares at her and flies away to find another tree.

Meanwhile with the other Nightfurys

"Mom wheres Nightwing?" Molly asks getting worried.

"He must be out flying with Snowflake. You know how much Nightwing likes her."

"YUCK!" Molly yells.(I think its time we gave her mother a name. How about Shaphira) Shaphira turns to look at her with a confused expression. "What? You said he likes her!"

"Thats not what i meant Molly." Shaphira says in an oddly calm voice."And he should be back soon. Don't worry." Molly looks at her mother and smiles

Back to Snow and Nightwing

Nightwins runs through the forest looking for a good stick to use. as he runs he trips over a very long vine. Nightwing huffs in annoyance , and slowly pushes himself to his feet. He looks back down to see the vine is gone.

"What the..." NIghtwing asks himself. Suddenly, he's on the ground, pinned down by a dragon. He has seen many dragons before but not like this one. oh no, this one had a very green body, long green nose,long wings with marking that look like leafs. and a rose like tail.

Nightwing looked up fearfully, not knowing what to do. The dragon somehow wrapped a vine around NIghtwings neck. Nightwing gasps for air, looking into the eyes of his attacker. The unknown dragon realeases the vine and Nightwing drops to the ground.

"Who are you, and why are you here?" The strange dragon asks. Nightwing looks up at the dragon, not saying anything. "I said who are you, and why are you here?!" the dragon demands again.

"My name is Nightwing, and I was taken here by two-legs." Nightwing responds. The dragon looks at Nightwing curiously.

"ok then. My names Leafglider. you are to leave as soon as possible" Nightwing nods and Leafglider flies away.

Nightwing breaks down a tree and begins running towards Snow, hoping shes alright.

And that was chapter 4. I have no idea what to say anymore

5. Going Under

Life of a Night Fury ch.5

Nightwing runs as fast as his short legs could take him. He was not very fond of running, especially when carrying a 60 pound branch on your back.

"I wish... there.. was... an easier..way.. to do.. this.." Nightwing says breathing heavily. His neck was still hurting from the "unknown dragons" vine. It wasn't helping the poor Night Fury carry the branch. Nightwing turns around only to trip on another branch. He huffs in annoyance.

"Well, I was wondering if you left me here to rott..." Snow says

rolling her eyes as Nightwing comes into view.

"Now why would I do that?" Snow just rolls her eyes and points her snout towards the branch." Ok, ok..."

Nightwing wedges the branch under the fallen, twisted, tree, and begins to push it down with his paw. The tree lifts with ease as Snow scrambles from under it.

"OH THAT FEELS SO MUCH BETTER!" Snow screams. Nightwing smiles at her and spreads his wings. SNow does the same only to have one of her wings fall to the ground with a nasty CRACK."AHH"

"oh no... is it..?" Snow nods. Her face is scrunched up in pain, and her tail as flicking around like a mad puts his paw on the wing, which causes Snow to turn her head away and scrunches her face more(If possible) Trying not to scream out in pain."well, its broken"

"What are we going to do now? If i can't fly, how are we going to get home?" Snow asks franticly. She whimpers every once in a while from the screaming pain in her wing.

"I have no idea. were not going anywhere until that wing heals." Nightwing says unaware that they are being watched." Nightwing smiles, and suddenly feels himself be pulled backwards by his tail. He yelps in suprize and begins pulling in the oppsite dirrection. He is hopeing, praying that nothing happend to SNow, but he spoke to soon. She was right behind him, with her paws tied together, wing tied down, and a muzzle over her nose.

"careful, the white ones hurt." He hears someone say. He tried to turn his Head to see where the voice came from, only to feel his head being held by two of them. His ear shoots up and he hears Snow whimpering softly.

Leafgliders POV

I land in the tree, scouting the area for danger. Everything is nice and calm. Too calm. My eyes narrow as I spread my wings. I hear something on the lines of "careful, That ones hurt."I roar and fly into the unaturaly blue sky. I look at the trees bellow and see a large disturbance under the tree.I hear something that tears at my heart.

Whimpering. The worst sound any greenleafly would ever hear. I look down and see two-legs chaining a white and black Night Fury, one seeming to be hurt. I growl in outrage. What were thoughs two-legs doing to innocent dragons. I look alittle closer and see that the black night fury,(lol sorry if i sound racist. i'm not trying to be) was the one I met in the woods. He was the one trying to help his injured friend. I hit my paw against the tree and close my eyes. I jump down from the tree, and land on the ground with a big WOOSH, and roar at the two-legs.

"I can't belive it... ITS A GREEN LEAFFLY!" one of them screams. My eyes norrow and I growl louder, hoping to draw the men away from the other dragons. Most of them back away, but one stands his ground.

"COME ON YOU BEAST. I'M NOT AFRAID OF YOU." That just made me snap. I pounced without even knowing that I did. I tackled the man and pinned his arms above his head with my incredibly long legs. I place my mouth at his throat, getting ready to kill, when I hear a week "no.."

I look up confused and see the black Nightfury looking at me with sorrow for the man. Sorrow? really? I move my jaws away from the two-legs neck and look at him. I look him straight in the eye and say " He was going to kill you. Just let me end it."

I look closely and i can see that he's shaking. If dragons could cry, he would be crying. He feels that humans shouldn't die. He feels we should befriend them, and become a part of their everyday lives. Its wrong even for someone like him.

I hold my paw on the mans chest, pull my head back, and roar in his face. He jumps up and tries to tackle me to the ground, but i'm much faster. I fly up, dive down and grab him, flying away and throw him in the ocean.

I land back where I was previously and ran over to the young male Night Fury, cutting the rope awayfrom his tail. He looked at me with anger in his eyes, but then his eyes went to normal and he smiled. "thank you for not killing him."

I smile back. I knew that i saved another Nightfury from extinction. It went quiet then he screamed. My eyes narrow and I look towards the young male. He's poking the female, who is not moving, or breathing.

><p>Dun dun duuun. I am evil :3 I really don't know what happend to my mind durring this chapter. oh and cliffhanger. until next time, this is the Princess of Derp :3**

6. New Sidekick

Leafgliders POV

"Snow!" Nightwing screams, running towards the Female Night Fury. he sniffs her, pokes her, anything to wake her up."Help me!"

I just sit and stare, not knowing what do do. Should I help. I knew I should but my legs were unresponsive. My wings pop open on their own and my legs bend. I start to fly just as he screams "Please!"

I turn around to look at him, and he stares at me...giving me the death glare? A little runt like him giving me the death glare. I feel like i'm not in control of my body anymore,but I still fly back down towards him.

I run to Snow, i'm guessing, and press my head against her side. There is no heartbeat. I look at Nightwing with sorrow and his mouth drops,And he realeses a choked sob. I look back at the Female Nightfury and I blow against her head.(If your wondering Leafglider, and all the other Green Leafflies, have healing powers, like Night Furys... or is it furries?) I lean back against her side. Nothing. I

blow again, Still nothing. I growl in anger. I close my eyes, thinking 'i'm going to regret this.

"W-what are you doing?" He asks as I bring my claw closer to Snow. When I place my claw on her side Nightwing screaches in a frequency I didn't know a Night Fury could pull off. I cringe slightly at the unbrearible sound,but continue my work.

(ok guys... so this may sound wrong if you have a dirty mind, so don't blame me)

I push my claw into her skin, shuddering slightly as I here her whimper. I retract my claws and rear my hea back, my mouth filling with a leafy substance. Yes you heard it, leafy. I spit the leafy stuff into the cut. I lean my head back down against her side, waiting, waiting..

After what seemed like forever, I hear the faint tha-thump, tha-thump of her heart. I look at Nightwing, smiling slightly. His eyes soften from the hard gaze he was giving me and gives me a... Gummy smile? Whats next? him glowing blue?(How to Train your Dragon 2. The sequel will take place durring How to Train your Dragon 2 C:)

Snowflakes POV(5 minutes earlier)

'Get up!' I scream at myself. My body is failing me I can feel it. I can hear the weak heartbeat in my head as it gets weaker and weaker..

I here Nightwing shout something like "Snow!" and "Help me!" I just lie there like a branch that has fallen off a tree. I NEED to get up and tell him i'm ok, but I can't even open my eyes. I try to open my mouth but its shut tight, like a muzzle was still tied around it.

When Nightwing screamed "Please!" It ripped my heart in half. I wanted so despperatly to tell him nothing was wrong but I couldn't. My heart was growing weaker and wear until suddenly... nothing.

How I could still think I don't know but I was dead and theres nothing I could do to change that.

I feel wind against my side, huh is no wind, atleast not that I know of. I feel a scaly head against my side, felling the wind 3 seconds after. I hear Nightwings sorrowful sream fill the air and i cringe in my mind. I feel something sharp at my side. it wasn't just a feeling it was a phisical feeling. I feel the claw dig into my side and I scream mentally.

A short time after the blinding pain stared I feel a cold, soothing sensation. Suddenly there is a weak heartbeat, which is getting louder by the second. The heaviness is lifted from my eyes and mouth. I breath in, greedily sucking in much needed air. I cough a few times but other than that I feel amazing!

"Snow! Your ok!" I hear Nightwing screech. I turn towards him and see a tall green-yellow dragon next to him. As if instinct, I growl at the unknown dragon, Showing my teeth and crouching low.

I pounce on her, pinning her down on her stomache. My eyes narrow

with every growing second. She looks up at me with fear in her eyes. I never got to ask who was she? My eyes soften a little and I back off.

"What kind of dragon are you?" She looks at me with question in her eye. My gaze hardens and she realizes I'm being serious.

"I'm a Green Leaffly" She says quickly. I look at her with a 'What..?' question on my eyes.

I just remembered my broken wing. It didn't hurt anymore. My mouth dropped as did my wings. I spread my wings,eyes narrowing. I fly upwards quickly, leaving the two dragons on the ground. Finally freedom!

7. The Dragon Queen

Yay new chapter :P Ok so there are only a few chapters left in this story *Booing sounds* I'm sorry :(

But The sequel will be much longer then this story, with each chapter having about 2,000 words. So you can have a party now :D

The next few chapters will end on cliffhangers. Oh yes my favorite thing in the world!

* * *

><p>Nightwings POV<p>

I look up and see Snow flying around happily. When she's happy, i'm happy. I spread my wings and look towards our new so called "Friend". She smiles slightly and nods and I shoot up into the sky.

"Where do you think your going?" I ask Snow in a playful tone. She turns her head slightly and I see her eyes narrowed, and giving me a smug face. I give her a smug face back and she shoots forward."Ok, challenge accepted."

I shoot forward, and fly right above her. I then open my wings and slow myself down, and fly right behind her. She gives me her smug face again and opens her wings like I did, causing her to shoot backwards, and hit me. After she hit me I began to fall towards the trees, giving a yelp of suprise. She turns sharply and rushes towards me just as I hit a tree. I kept hitting trees until I hit the ground, hard. I began to see black spots in my vision. I heard Snows yelp of destress beore everything went black.

Snows POV

It all happend so fast. I was flying away, as Nightwing was following me. We were acting like kids again, playing like never before. He flew behind me and I opend my wings and fell into him. I Heard him yelp and I turned around quickly. He was falling. He was panicing.

"Nightwing!" I screamed. I rushed towards him, only to swoop in to late. He hit tree after tree, with a sickening 'crack' sound, each

time he hit a branch. I watch in horror as he hits the ground with a loud 'POP'.

I yelped when I heard the pop sound. I landed on the ground next to him, only to see he has fallen uncouncious. "Nightwing!"

I sniff him, looking for any other injuries.I smell the sick smell of blood. I nudge him with my nose. Nothing. I roll him over with my head, examining him wing. Not . I push the wing away, only to see a nasty gash on this side. I pull my head away, not wanting to see it.

'Come on Snowflake, you can do this' I mentally say to myself. I inhale sharply and open one of my eyes. Blood is slipping from the wound, moving quickly down his side. I begin to panic.

Normal POV

Snow walks back and forth trying to think of something she could do. She had already been injured. Nightwing does not need to be injured. She hears a twig snap and she looks in that dirrection.

Leafglider comes running from behind a tree. She looks freaked out. Snow tilts her head towards her, questioningly.

"Its getting dark. we need to find shelter." Leafglider says. Snow nods. She looks towards Nightwing and looks at Leafglider with pleading eyes.

"please. you need to heal him." Leafgliders eyes soften and sadden. She tilts head down and crosses her paws. Looking back at Snow, she opens her mouth to say something but hesitates.

"I can only do it once every month." Leafglider says almost guiltily. Snows eyes widden, and gives a cry of sorrow.

"We need to do SOMETHING!" Snow shouts.

There is a low groan, and Nightwings eyes shoot open. He tried to sit up only to yelp in pain.

"oh great. now he's..." Snow looks at Nightwing as his ear shoots up. His eyes narrow as he growls. He shakes his head, and roars. His pupils narrow to slits and he looks around.

Snow does the same, and Leafglider looks at them questioningly. They both spread their wings, and fly off in the dirrection they never wanted to fly toward again. the villiage.

Leafglider spreads her wings and follows them. She stays hidden in the tree, watching as they fly high in the sky.

She then looks down and sees the village. Its on fire. Different breeds of dragons ranging from Deadly Nadders, to Terrible Terrors, are stealing lifestock, and setting buildings on fire.

She hears a Night Fury screech, and Sees a purple fireball hit a building, making it exlode into flames. Her eyes widden in realization. Why had she been so stupid.

Green Leafflies are one of the only species of dragons not controlled by the Furies, however, are the most sensitive. She mentally slapped herself.

What was she going to do now?

8. The Enemy of My Enemy is my Friend

Life of A Night Fury

Huge time Skip (I'm not good at this)

Normal POV

Nightwing and Snow tumble out of the sky at the break of dawn, totally exausted. Snow seemed unfazed from this, However Nightwing,not so much. Shaking her head, Snow Pushed herself to her feet,and began to stumble around,unsure of what just occured.

All she could remember was a vauge blur,and shooting fire at random buildings with Nightwing. Oh crap, NIGHTWING! How had she forgoten about her best friend?

Her eyes widdend in panic and her head shoots into the air,franticly looking for her wounded friend. She roars,and begins to run. She is just praying Nightwing is ok. What would she do without him.

Instead of finding Nightwing, she stumbles apon a very strang looking creature. As Snow runs she crashes into someone. A human Girl. Said girl was blond with Blue eyes. She seemed to be around 13 or 14 years old. her hair was pulled back into a braid, and she caried an axe.

Snow and the girl made eye contact, both of them unsure on what to do. Snow Looked into her eyes,the girl doing the same,both with great facination. Snows gaze moved towards the weapon this girl was carrying, eyeing it the girls gaze folowed,hand moving over it. In one fast motion, the girl made to pick it up.

Oh no, Snowflake was having none of this. Her ears flopping behind her head, eyes narrowing, she was not going to die today. She made her threat loud and clear, with a big deafening roar. Much to her disspleasure, the girl made no move to leave. This made Snow more agitated, so she proceeded to build a fireball in her mouth.

As Snow prepared to shoot, the girl screamed and fled from where she was sitting. She had to laugh at that. She was feared by these pathetic Two-legs. Pittiful, and amazing. She truely was an amazing creature. Her moment of pride was shattered however,when she was suddenly pulled into the air by a giant four-winged dragon. A Stormcutter.

Pain. The first thing Nightwing could register was pain. The sent of blood filling his nose,making him ,He opens his eyes. What happend? Blinking a few times he began to take in his surroundings.

He's in the forest,no Doubt, but where? What day is it?

He extended to get up,but when he made a move, blinding pain shot up his spine,causing him to yelp in pain,causing him wince. Huffing,he went to moving his wings instead,but to no avail. So, all he could do was lie there,like a helpless animal.

Closing his eyes, Nightwing waited, hoped,prayed, that someone would come to his aid, and help. Nightwing could not think of any other way for anyone to find him, so he cried out into the forest, his roar echoing off the trees and caves in the distance. After a few moments, he roared again. He continued this process, until no one came. Head flopped against the hard, unforgiving ground,he gave up.

He really was just a runt. A mistake.

Bushes swishing in the background pulled Nightwing out of his daze. Eyes Snapping open, he looked towards the disturbance in the bushes.

Out from the bushes came Leafglider, breathing heavily,in panic. She seemed in total shock,as seen by her constant shaking. Nightwing weakly looked up at the Leaf Dragon,Who reflected him,looking right back down into his brilliant green Inhaled sharply and the sight of him.

"Oh my goodness!" Leafglider screamed, running over to her injured friend. She grabbed a leaf not far from where she is sitting and placed it on the dry dirt. After placing it down, her mouth filled with that gross leaffy substance,and she swished it around in her mouth. Leafglider then proceeded to spit it into the leaf, the leaf acting as a bowl. Picking It up in her muzzle, she began to pour the sticky substance into his wounds.

Nightwing roared in pain,limbs thrashing around violently, and tail twitching.

"I'm sorry. I know, it hurts." Leafglider says Flinching each time he would roar. Soon his roaring turned into small whimpers, and then into nothing. Leafglider sat infront of him, waiting for a responce. to her hope, he stood up rather quickly,shaking like crazy. "OK!"

In the background, there is a faint scream . Nightwings ears Shoot up,pupils narrowing, and tail twitching like crazy. "Snow? Snow!"

Running towards the source of the faint scream, Nightwing stumbles apon the strange girl Snow found. Coiling back, away from the strange creature, Nightwing builds a hiss in his throat,but makes no move to attack the girl. Breathing heavily,the girl grabs her axe,and putting it inbetween her and the scared beast.

Flinching slightly,Nightwing whines, Pupils dialating and ears plopping behind his head,feeling absolutly terrified of this strage forein object. Nightwing backs away, very slowly, trying not to

aggitate the two-leg. To his hopes, the girl lowers the wepon, also backing away.

Nightwing makes the mistake of looking away, as the girl lunges with the wepon,hitting Nightwing in the shin. Yelping , Nightwing pulles his injured paw up to his chest thinking this would stop the pain. Having no idea the axe was still lodged in his shin, he placed his paw back on the ground, only to yelp again.

"I didn't even think your kind existed." The two-leg growled. She then yanked the axe out of his shin,flinging the blood onto his face, making him coil in disgust. The girl then laughed at how the supost to be fearsom Night Fury,flinched away like so."Not so tuff, are you!?You beast!"

She was right. He wasn't that tuff. he was a pathetic weakling.

another faint scream could be heard, only this time more distant. Even though it was further it could still be understood. The scream said "Nightwing!"

Nightwing begans running in the same dirrection he was running in before. This may have been the biggest mistake he has ever made,because soon after he began following his friends screams,he stepped into a trap.

This trap was a single rope, that wrapped around his back paw and tail, dissableing him.

"Stupid Two-leggs!" Nightwing screams into the heavens. He just hopes he can find Snow.

Ch.8: Dragon friendship

Nightwing was dangling there, upside-down, on a tree branch, by his tail. Not the most comfortable situation in the world, especially when hanging by your tail.

"Why are you so cruel?" He screams at nothing specific. After a while of hanging uselessly, Nightwing begins to shift around, trying to break his poor, swollen tail free. Shifting, and flailing does nothing for poor Nightwing, as doing so makes it so much worse. As if possible, His tail is now more swollen.

Screaming like a wounded animal, his face crunches up and his ears jerk uncontrollably. Eyes flicking open, Nightwing, hears a small cry. This cry sounds more like a banshee than anything else.

Running through the bushes, comes Leafglider, looking rather bored of

Nightwing. "Must I save you, EVERY time?" She screams at Nightwing, leaving a trail of saliva hanging from her maw. After feeling the sticky substance on her muzzle, she proceeds to spat it out on the dry dirt, making a dark spot.

Face crunching up in disgust, Nightwing cranes his neck away from the Leaffly, who smiles in response. Walking forward, she made a start to cut the ropes around his tail, making a soft snapping sound, just before Nightwing plummeted to the dirt.

"Ok. Les go find Snow." Nightwing says before spreading his wings, and taking off into the air. Leafglider stares, still grinning like an idiot. Shaking her head, she soon follows her little friend, who is very determined to save Snow.

"HEY! Put me down! NOW!" Snow Shrieks at the mysterious four-winged dragon, who decided to carry her overseas." NightWing!"

Looking down at it so called victim, the four-winged dragon, tilted its head in curiosity, as if studying the Ice white fury. Baring her fangs, Snow growls back in response, but studying the dragon also.

If she was correct, this dragons was a Stormcutter. A semi-rare dragon, resembling an owl, and being very kind to the two-legs. What did the two-legs do to deserve kindness? Being a bigger dragon usually makes it harder to maneuver, but not so much for the Stormcutter, as it has two sets of wings, making it easier to turn. These dragons aren't very aggressive when it comes to other dragons, but it's not afraid to defend itself. So why Kidnap her? What did she do to upset it?

Tilting her head at the dragon questioningly, she let out a curious screech, wondering if this dragon could communicate like Nightwing and her. Apparently not, because when she squawked at it, it snarled, looking forward, away from its capture. At that, Snow began Thrashing around, determined to get back to Nightwing.

The sudden shift, in the air, caused Snow to halt, and look up. Right as she does so, however, she is dropping, down, down, _down, _to the deadly, unforgiving ground. Twirling, spinning, and flipping through the air until she reached the ground with a loud, painful thud. Pushing herself to her own four paws, the Stormcutter comes in for a landing, but something's off about it this time. There seems to be a two-leg on its back. Baring her teeth in warning, Snow lets out a loud, threatening hiss, making her warning loud and clear.

The two-leg ignored her, and proceeded to jump off the surprisingly calm Stormcutter. After dismounting the owl-like dragon, the two-leg, began crawling towards the spooked Snow fury, who only hissed in response. However, the human did not seem to stop, but seemed to be crawling quicker.

Growling and hissing was not going to get the point across, so it seemed, so Snow settled with roaring. The threat must have succeeded, because the two-leg backed away slightly.

Reaching for her mask, the two-leg pushed herself into a crouching position. Pulling the mask off, the two-leg appears to look more normal than once anticipated by The Snow Fury. The human seemed to be

female, much to Snows curiosity. Rage receding, Snow tilts her head at the mysterious woman, trying to decipher her.

The woman begins to crawl forward once again, but this time, Snow makes no move to attack, and she allows her to come closer. Holding out her hand, she reaches for Snow, who eyes it questioningly, one ear folding up. The hand stop right in front of her muzzle and she snuffs it furiously. Seeing the woman is no danger, she proceeds to press her muzzle against her palm, feeling a strange happiness in that.

Snow cooed, and the woman laughs pulling her hand away. The White Night fury, growing more comfortable with this human, clucked and followed her hand with her bright blue eyes, wondering what it was she was doing. Much to Snows surprise, the woman pulled out a rather large salmon, and held it up to her, the smell of fresh fish hitting her nose. She hadn't realized how hungry she was until now. At the sight of the fish, her tongue flopped out of her mouth, and her saliva hit the dirt, making a big puddle of skewer.

Snow must have not been the only hungry dragon, because the Stormcutter came marching over at the sight of the salmon. The four-winged dragon looked hopefully at the woman, than the fish, than the woman again, in about five seconds.

Frowning, the human female ripped the fish out of the Stormcutters view, hiding it. Mr. huge wings (Snows little nickname) follows her hand, with his tongue hanging out like Snows, but in a playful manner. Getting rather annoyed, the woman sighed, and dropped the fish in front of the huge dragon, who scarfed it down in a matter of two seconds, before crawling away happily.

As the Stormcutter crawls by, Snow give a loud hiss, causing the big dragon to yelp, and crawl faster. Snows eyes close half-way, as her muzzle pulls back into a smug smile. She loves when she is feared.

Pulling out another, to Snows displeasure, smaller fish and holds it out in front of the Night Fury. "Sorry about Cloudjumper. He really loves his salmon." She says turning to her now sleeping dragon, Snow following her gaze. "My name is Valka." She says holding out her other hand and moving it in a hand shake motion. Snow doesn't quite understand, so she sniffs her hand.

"You are one strange looking dragon. I didn't even think Night furries existed." Valka says. Snow sits, paws resting on the ground. Valka puts out her hand with the fish, and Snow nostrils fill with the scent of fresh meat, causing them to flair. Opening her jaws, Snows teeth slide into place. She grabs the fish rather calmly, as female Night furries are much calmer when they eat than males. Male Furries scarf their food down without a second opinion, while females, eat with such calmness, its excruciating.

Other dragons must be the same way, seeing how Cloudjumper ate the salmon.

Looking back up at Valka, Snow snuffles the air, in hope of more food. Much to her disappointment, there is no more to offer.

Valka walks up to examine the mysterious white dragon, who gladly

lets her do so, so long she doesn't go too far. She grabs Snows chin in her hands, and proceeds to lift it up, examining the bottom of her jaw. Looking closer, Valka sees a rather strange looking scar, but decides not to mess with it. Hand flicking behind Snows ear, she gives a light scratch, earning a small purr from The Night Fury. She moves down to her wings and pulls them out, staring at them penetratingly. Running her hand over the wing, she feels the silkiness of the wing, and how the bones were connected, forming the wing shape. Snow stands up, and lets Valka carry on with inspecting her wing. She lifts it up, checking the under-side of the wing before dropping it, causing Snowflake to yelp and pull her wings firmly against her sides.

Snow turns to look at the two-leg, eyes full of happiness, and she smiles slightly. Valka beams back at the snowy dragon, and begins to stroll to Snows tail.

Snow only has one question to ask herself.

Can she trust this human?
